The Lich Queen Expedition is a dungeon romp that pits the battle-hardened group of adventurers against the most diabolical foe they have ever faced: the Lich Queen of the Plane of Hate. This review is for the final of the trio of adventures, the Lich Queen Expedition. The Lich Queen Expedition has a number of unique features, including a mix of ancient evil and Lovecraftian threats, and a spectacular (but challenging) dungeon that has been filled with traps, hazards, and monsters. The players will battle against strange spirits and beasts, treacherous villains, and cruel sorcerers. They will attempt to exorcise the lich from its lair and to rescue its captive soul from the hands of the Lich Queen. The Lich Queen Expedition is an exciting Dungeons & Dragons adventure that includes three new monsters, three new artifacts, and four new spells. "If you are interested in having a party encounter the Lich Queen, The Lich Queen Expedition is an excellent way to finish off the adventures for your Dungeon Master's Party." Shaun Williamson (Planescape Campaign Setting) "Anyone who is planning to play an Dungeons & Dragons game soon should take this trio of adventures seriously.

The adventures will provide a great setting for a campaign, and there are lots of unexpected encounters. If the players do not live up to their names and die, then they will need to be resurrected, which is not an easy task." Tom Moldvay, David M. Ewalt (Forgotten Realms Campaign Setting) "Any GM in the business of running Dungeons & Dragons needs to have the Lich Queen Expedition. It's a great adventure and should set a new standard for high quality, challenging, original Dungeons & Dragons campaigns." Michael Hardy (Dungeons & Dragons Adventure Magazine) "If you want to do more than fight for survival in the Dungeons & Dragons world, then you are going to have to go back to the Lich Queen Expedition." John Hackett (Epic Level Gaming Magazine) "The final chapter in a series of adventuring tales set in the 19th century brings the

adventure in the new Lich Queen Expedition to a grand climax. Players venture forth to a remote and terribly dangerous island, where they confront a deadly Lich Queen, her minions, and an ancient artifact said to contain the soul of a sorcerer long dead." Tyrone Davis (Dungeon Masters Guild Magazine) "This novel adventure is

Flying Saucers Aliens Florida is awash with UFO hotspots. This summer the Tampa-St. Petersburg region has about 50 people claiming to have seen an alien - typically some UFO Robot Golf episode - in videos posted on the Internet. And at least one so-called alien worker has reportedly arrived on our shores to take up residence in a downtown Tampa apartment tower. But in the minds of some Florida residents, the mere proximity of these alleged sightings isn't enough. Now they think the aliens they're allegedly seeing flyover or land and drop in on them. So they've formed a new outfit - the Bevussa UFO Information and Recovery Team of America - to help find and run down these reptoid freeloaders. The DUFFIATTA team. (Note: I'm not quite sure how to spell the last three initials.) Back in November, when the Tampa Bay Buccaneers were in Seattle, at least one area tourist reported an intruder - described as a humanoid creature, slightly taller than 6 feet, with long ears, big domed head, and hair on top of its head, protruding horizontally. In early December, shortly after the Battleford, Saskatchewan, Canadian town of Muenster had already reported five sightings of small gray- and brown-skinned creatures on its streets, two residents of that city were strolling in a park when a procession of earthling-like creatures appeared over a ridge, then swooped down a sandy path and stayed there for two-and-a-half minutes. In December, a resident of a San Diego suburb heard a circular noise at about 3 a.m. on New Year's Day, followed by a knock on his door. This time it was a gray-skinned alien. I suppose, so long as he wasn't invited. In July, this very site observed a haunting and a sort of kooky encounter between a man and his alien overpass in Canada. But back to Florida. DUFFIATTA, Scott W. Several members of the group have posted videos online of many of the encounters they've had. You can see them here. And in the above video of an encounter in 1997 between Mark Knecht and one of these so-called aliens, he states that he recently had his sixth sighting of these
